OUR NAME COUNTS

Welcome

For almost 20 years we have been growing roses on our farms, lovingly nurturing them by hand until they are ready to be passed onto you, to be enjoyed. From the fields we have a spectacular view of Mount Kenya towering over Nanyuki.

The Beautiful scenery combined with a committed and expert team makes Everest Enterprises an accomplished leader in the field of scented rose production in Kenya. All Everest Roses have a collective style and reflect vision.

About Us

CHULU FARM 65 HECTARES OF PURE BLISS

We are a working flower farm on the equator in Nanyuki, dedicated to producing high quality, beautiful and long-lasting fresh-cut flowers and foliage. The farm is nestled in the Mt Kenya region, Central province of Kenya.

We are passionate about growing, and our love for flowers is reflected in everything we do from our brand to our final product. We take care every single step of the way from the beginning of the flower's journey, when we pick the very best varieties for the season ahead, to proudly sending off our flowers.
